WORK EXPERIENCE

2022 - 2023

Telenor Sverige AB

Business Analyst

- Prepared business critical reports like consumer performance and sales quality leveraging SQL, Python, R, Excel, and Power BI.
- Monitored Qlik and Other data sources to effectively collaborate with cross-functional teams to identify business needs, design solutions, and implement data-driven strategies for growth.
- Utilized Python scripts to automate manual tasks, enhancing efficiency and productivity in daily operations.

2022 - 2022

Aura Cloud

Business Analyst

- Employed SQL, Excel, and Microsoft Power BI for data-driven visual insights of financial institutes' end customers' credit performance.
- Collaborated with stakeholders to identify the quantitative and qualitative measures of end customers' credit performance in alignment with business goals, driving strategic initiatives and success.

2012 - 2020

MJ Timestech

Data Insights Manager

- Researched use cases of company resources for product/service launches on e-commerce platforms, and managed supplier selection, budget, and human resources for successful project completion.

EDUCATION

2010 - 2012

University of Dhaka

MBA, IB (Partial)

- Enhanced my ability to do strategic research of business opportunities and resource allocation.

2003 - 2007

KUET, Bangladesh

BSc, Civil Engineering

- Developed a very healthy network with faculty and fellow students which subsequently became a significant asset in my professional career.

INTERESTS

2008 - Present

Quantum Foundation

Ardentier (Voluntary)

- A lifelong contributor of taking complete responsibilities of 3000+ orphans, promoting yoga and meditation worldwide and establishing the leading blood bank in Bangladesh.

2020 - Present

Passionate Learner

Advocate for Data: The New Oil and Currency of the 21st Century

- I am persistently expanding my knowledge of data, data analysis, data analytics tools, programming, machine learning, and artificial intelligence using online learning platforms, AI tools and physical meetups.

2002 - Present

Strategic Sportsman

Strategic Games and Team Sports Enthusiast

Active Participant in Strategy Games and Team Sports: Chess, Table Tennis and Football.
